29.95 €

Description

The Z Aero is a frame bag designed for tri-athletes and cycling sports people who want to carry their food. The Z Aero is installed on the front of the top tube, either using non-abrasive, self-gripping straps, or using screws. The leak-tight seal guarantees protection when it rains. The interior compartments optimise storage and quick access.

Benefits

Water repellent

Water-resistant material and zip.

Universal fitting

Using self gripping straps or screws.

Removable front strap

Several possible settings.

Lightweight

Lightweight, resistant material.

Rotating

Adjustable angle in landscape or portrait mode.
